

BOOK & CRUISE WITH CONFIDENCE

Your well-being & peace of mind is our priority

Your well-being remains our priority as we adapt to this new world, where it's imperative for us to take additional measures to stay healthy. The health and well-being of our guests and team has always been, and always will be, our primary concern. We have put together a book and travel with confidence plan so you can remain socially distant but without losing the social!

OUR PROMISE:

When travelling onboard you will still get the same outstanding service our guests are custom to with Uniworld. Whilst we have implemented slight changes to how we deliver the cruises with health and safety our foremost concern, we have been able to implement these whilst still delivering a world class product our guests deserve when travelling with Uniworld.

BOOK CONFIDENTLY FOR 2022

Booking Flexibility

Guests can change or suspend their cruise up to 120 days prior to their departure date for Europe and Exotic itineraries, without penalty.

TTC peace of mind promise

You can book and relax knowing Uniworld is covered by a TTC guarantee of \$300 million. This is a commitment that many other travel companies are unfortunately unable to provide to you at this time.

In the Best Hands

With one of the highest guest-to-staff ratios and the most tenured staff on the rivers, take comfort in knowing you're always in the best hands.

Choose from Self-drive, Eurostar or regional flights

We have multiple travel options available depending exactly how you want to travel. On top of flights from regional airports, we offer Eurostar travel where possible plus a brand new self-drive option on our French itineraries.

Fully bonded by ATOL / ABTA

We are proudly bonded by ABTA and ATOL, so you can relax knowing you're 100% financially protected with every booking you make

The Perfect Size

Enjoy all the benefits of cruising while travelling with small groups of people who share your passion for travel and exploration.

THE UNIWORLD DIFFERENCE

Smaller ships close to land

Our boutique river cruise ships are much smaller and more intimate than your typical ocean cruise ship. With an average capacity of just 130 guests and many public spaces onboard, including multiple dining venues on many ships, so there's plenty of room to relax while staying physically distant. The small size and high crew-to-guest ratios of our ships mean they are thoroughly cleaned regularly and often. Plus, travelling by river means you are always close to land, allowing for immediate access to shoreside resources.

TAKING YOUR CRUISE

Health and safety onboard

More than ever before, it's essential that we take personal responsibility to help protect each other, and the people and places we visit. To help achieve this goal, all guests and crew will be asked to complete a Well-Being Travel Declaration upon arrival. Guests will also have their temperature taken prior to boarding.

Our included excursions are already based around private, small group experiences. We have not had to change our excursions as they are already delivered in a crowd-free environment.

ONBOARD PROTOCOLS

We've added new measures to elevate our hygiene standards throughout our ships.
View our extensive list of health & hygiene protocols at [Uniworld.com](https://www.uniworld.com)

FEEL PART OF THE FAMILY

River cruising with Uniworld is a true family affair. When on board you will feel be made to feel right at home from the moment you have stepped on board. As a family owned and run cruise line, impeccable customer service is embedded deep in our DNA. At Uniworld, we all live by the credo "No request is too large, no detail is too small." and this shows on every cruise. Our staff on board are there to make your holiday as relaxed as possible, from suggesting local "must sees" to having your favourite drink ready when you walk into the room. It's the tiny details that leave the biggest memories.
